Exclusivity and seclusion

At the foot of the mountains, just above Lake Davos, the AlpenGold Hotel Davos combines seclusion and convenience. As the largest hotel in this alpine city, it boasts spectacular architecture and breath-taking views. State-of-the-art technical equipment, spacious rooms and dedicated personal service make your meetings and events more rewarding.

Especially for a congress or product launch in need of absolute confidentiality, a great incentive or international training in need of large capacity, we have compiled a package which combines business with leisure in a discrete hideaway.
