## LA MUÑA – Culinary Greetings from Japan and Peru \*

A contemporary interior contrasts with the spectacular view of the Alps – that's the spirit of La Muña. Its Nikkei cuisine surprises the senses: mild or tangy, raw or marinated, with crispy textures and delicately acidic flavors –it's simply irresistible!

## SAPORI – Italian Culinary Classics

Dive into the world of saporì, the authentic flavors of Italy. Fresh herbs, cold-pressed oils, and other fine ingredients come together in dishes where freshness and flavor unite, transporting us straight to our delightful neighbor, Italy.

## atelier VERT – Regional. Creative. Vegetarian.

Alpine-inspired products, all sourced from the region, with a creative twist: these are the carefully selected ingredients of an ever-evolving menu. Thanks to the expertise of AlpenGold's Executive Chef Manuel Zünd, typical flavors are showcased, skillfully combined, and refined before the guests' eyes – discover the true taste of nature.

## Chesse Factory – Cheese Between Tradition and Creativity \*

The Cheese Factory offers fondue and raclette in their classic forms, with a strong regional identity: selected cheeses (including vegan options), mountain potatoes from the Albulatal, pickled vegetables, and herbs from the side valleys and alpine pastures. A delicious meeting of tradition and terroir for an authentic and refined experience. Prefer meat? Our Chinese fondue comes with exclusive homemade sauces – ideal for a delightful and convivial evening.

## Nuts & Co. Lounge Bar – Relaxation and Flavor

Whether you're looking for a light lunch on the sunny terrace, a refined afternoon tea, or a final drink in the evening – our Nuts & Co. Lounge Bar is fully dedicated to your comfort.
